

Affidavit from Ingrid Palomo
in support of Heather Ferreira's Restraining Order Against Hunter Johnson

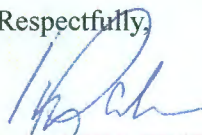

Although it was only on a short-term basis because I prefer to pursue performing opportunities at this time, I joined Heather Ferreira's independent TV series *Movieopolis* production team roughly from the end of July until the first week of October. Ms. Ferreira has been stalked before so she is very guarded with cast and crew she does not know, and this means she often ends up performing most crew duties herself. She did it extremely well. I watched her pour all her money into this production and work so hard, often thanklessly for her actors who behaved in an entitled, exploitative and sometimes even criminal way towards her. She never complained.

Ms. Ferreira tells me that Hunter Johnson, an actor on the show who was then playing Martin Scorsese (the director when he was young) had a weird fixation on her. I did not observe him sexually harassing her directly, but I did notice an overall strong flirtatious air to his communication with her, which she did not reciprocate. Because she didn't reciprocate his flirtations in a way that would have satisfied him, Mr. Johnson started behaving belligerently towards her in passive-aggressive ways like not responding to her production-related e-mails for instance. This was really slowing down the production and cost it money. I offered to mediate between him and Heather. Mr. Johnson at first seemed to want to cooperate but subsequently refused to answer me. He seemed incredibly angry in a personal, vicious way at Heather. It is as though she never hired or paid him at all. He sounded like an angry guy in a bar addressing the "cunt" and "lesbian bitch" who turned him down. Because he walked off the production, basically, she had to let him go.

As a result, Hunter Johnson mercilessly bullied and harassed Heather on social media, creating fake profiles which she would have to block. He would send her sarcastic invites to Facebook pages and then Twitter pages he created where he would go on for hours and hours, writing hundreds of posts making fun of her, calling her degrading sexual and psychiatric names, stating outright lies about her credentials and insulting me, her, our fans and the series. Completely unprovoked, he even included me in the harassment which I have included as circumstantial evidence attached herein as Exhibit A (Twitter "Filmopolis" Page Tweet about Actor Ingrid Palomo). On October 4, Heather's birthday which he intentionally ruined, I was with her in the Van Nuys Courthouse. There were hours of manipulating and stretching out mediation to get her to fold with Mr. Johnson flatly denying being the author of any of this social media. However, all the social media harassment began August 1st, the day after Heather fired him. He even used his exact phrases and slang language from *Movieopolis* and his own horror film which helped identify him. Then the harassment stopped for the time being on September 16, the exact day Hunter received a temporary restraining order from her.

Hunter Johnson has sabotaged and destroyed this production and created an atmosphere of terror and fear. He is one of the most skilled and instinctive liars I have ever seen. He created a campaign of hate against Heather and has depressed, scared and frightened both her and me. His comments made to me were particularly unfair and vicious. Now his entire family has joined the campaign of lying about and bullying of her. Contact me if you need further testimony.

Respectfully,

Ingrid Palomo
